

PRECISION REROLLED

STAINLESS STEEL, NICKEL & COBALT STRIP

REROLL CAPABILITIES

- Extreme Precision Tolerances
- Fully Certified AMS and ASTM Specs
- DFARS Compliant Material

REROLL EQUIPMENT

- Sendzimir Cold Reversing Mill
- Strip Cleaning Line
- Bright Annealing Furnace
- Slitting Line

INDUSTRIES SERVED

- Aerospace
- Power Generation
- Automotive
- Photo-Etching
- Springs
- Electronics
- Fasteners
- Washers
- Strapping
- Filters
- Gaskets
- Hose Clamps
- Appliances
- Refrigeration

PRECISION REROLLED STRIP SOLUTIONS

United Performance Metals now offers precision thin gauge strip in stainless steel, nickel alloys, and cobalt to your exacting specifications. By leveraging our people, products, and FIRSTCUT+® Processing Services, our new rerolling mill is the latest example of how we are expanding to meet our customer's needs.
