Company Overview
United Performance Metals (UPM), an O’Neal Industries affiliate company, is a global distributor of high-performance specialty metals. UPM’s full line of high strength, high temperature, and corrosion resistant materials coupled with FIRSTCUT+® Processing Services provides quality solutions which support a variety of industries.

Vision
To be recognized by our customers, employees and owners to be the best performing speciality metals service center.

Mission
To deliver quality products and services to our customers through world class processes, people and facilities.

Values
Respect- We respect our customers, employees, suppliers, community and shareholders.
We exemplify this through a culture of honesty and integrity that stresses ‘doing what is right’ for all groups and individuals. Employee safety is held to the highest standard.

Leadership- We train, coach, encourage and reward to create an empowered work force that is responsible for meeting the expectations of our customers, employees, suppliers and shareholders.

Continuous Improvement- We are committed to an environment of continuous improvement in everything we do. We do this by understanding customer, employee and supplier expectations and continuously working to innovate and improve products, services and processes.
