

Using UPM Connect

This guide will help you establish a login and interact with UPM Connect to review your orders and get live quotes in real time.

1

Thank you for using UPM's Connect! This is Phase 1 of our site and we hope you'll provide us your feedback to shape later Phases. We'll continue to add features and capabilities to facilitate your daily needs. Today, Customers can access all their existing order info and have immediate visibility to our stocked items and pricing for quoting and ordering.

2

First; Navigate to <https://upmconnect.upmet.com/>

Welcome to UPM Connect

United Performance Metals (UPM), an affiliate of O'Neal Industries, is your dedicated specialty metals solution hub. We cater to a wide range of sectors including aerospace, defense, space, fastener, medical, power generation, semiconductor, oil and gas, and many more.

Discover our extensive inventory of products like nickel alloys, titanium, stainless steel, cobalt alloys, PRODEC®, alloy steel, cobalt chrome moly, and aluminum. These are available in various formats such as sheet, coil, strip, custom thin gauge strip, plate, bar, and near net shapes. Experience the efficiency of our FIRSTCUT+® Processing Services. We offer an array of services including cut-to-length, leveling, slitting, edging, custom rerolling, shearing, laser cutting, laser gauge measurement, water jet cutting, sawing, precision cold saw cutting, precision blanks, first stage machining, heat treating, ultra-sonic testing, boring, trepanning, deburring, and angle cutting.

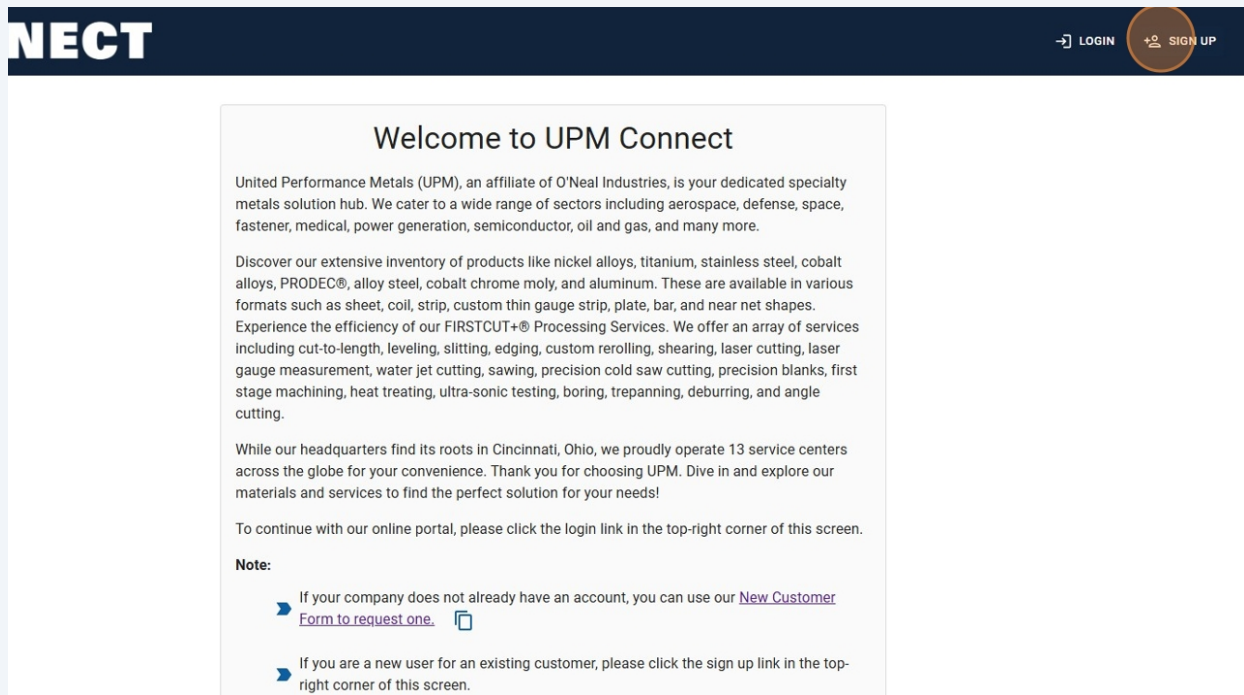

While our headquarters find its roots in Cincinnati, Ohio, we proudly operate 13 service centers across the globe for your convenience. Thank you for choosing UPM. Dive in and explore our materials and services to find the perfect solution for your needs!

To continue with our online portal, please click the login link in the top-right corner of this screen.

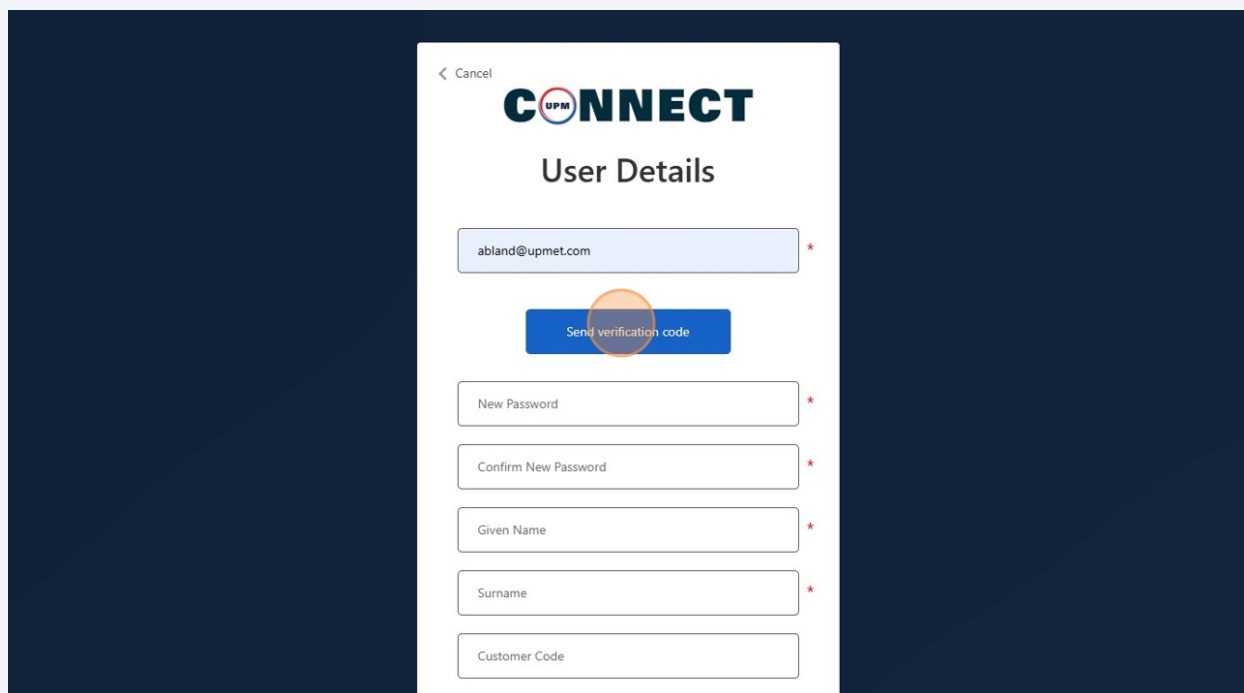

Note:

- If your company does not already have an account, you can use our [New Customer Form to request one.](#) 
- If you are a new user for an existing customer, please click the sign up link in the top-right corner of this screen.

- 3 If you have not accessed Connect before, click "Sign Up" to create your login

- 4 Enter your email address and the click 'Send verification code' below. This will initiate a one-time-passcode to be sent to the email address provided

- 5 Input the code to verify you do have access to the provided email.

The screenshot shows a web form titled 'CONNECT User Details'. At the top, it says 'Verification code has been sent to your inbox. Please copy it to the input box below.' There are two input fields: the first contains 'abland@upmet.com' and the second contains '945145'. Below these is a 'Verify code' button, which is highlighted with an orange circle, and a 'Send new code' button. Further down are input fields for 'New Password', 'Confirm New Password', 'Given Name', 'Surname', and 'Customer Code', each with a red asterisk indicating it is required.

- 6 Continue by setting a password for your login and providing your preferred name and surname. The last field is your Customer ID which will be provided to you from UPM. This is a security measure to ensure your information stays secure.

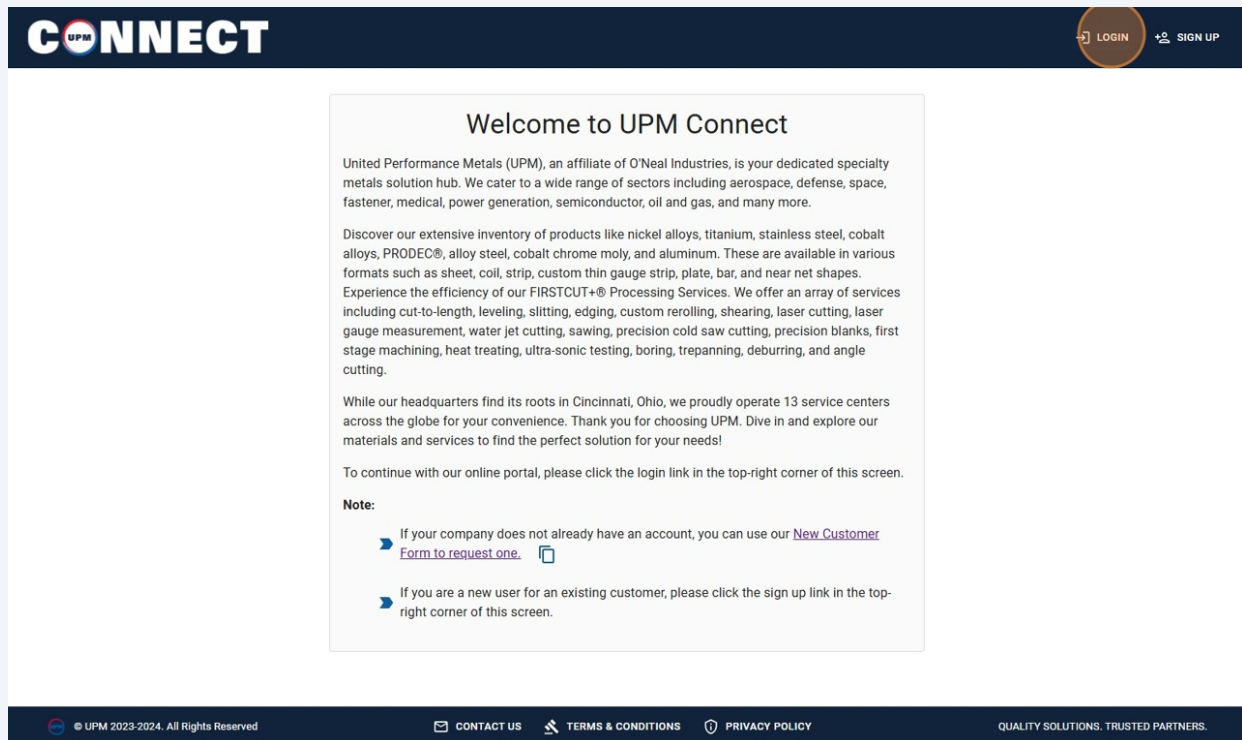

The screenshot shows the same 'CONNECT User Details' form, but now the email address 'abland@upmet.com' is verified. A 'Change e-mail' button is present. The password fields are now filled with '*****'. The 'Given Name' field contains 'Adam' and the 'Surname' field contains 'Bland'. The 'Customer Code' field contains '12345'. At the bottom, a 'Create' button is highlighted with an orange circle.

7

After creating your login, a UPM team member will review to ensure the request has come from a true representative of your company. Once confirmed, you will be alerted via email to your login being available and you can begin accessing Connect by using just your email address and password.

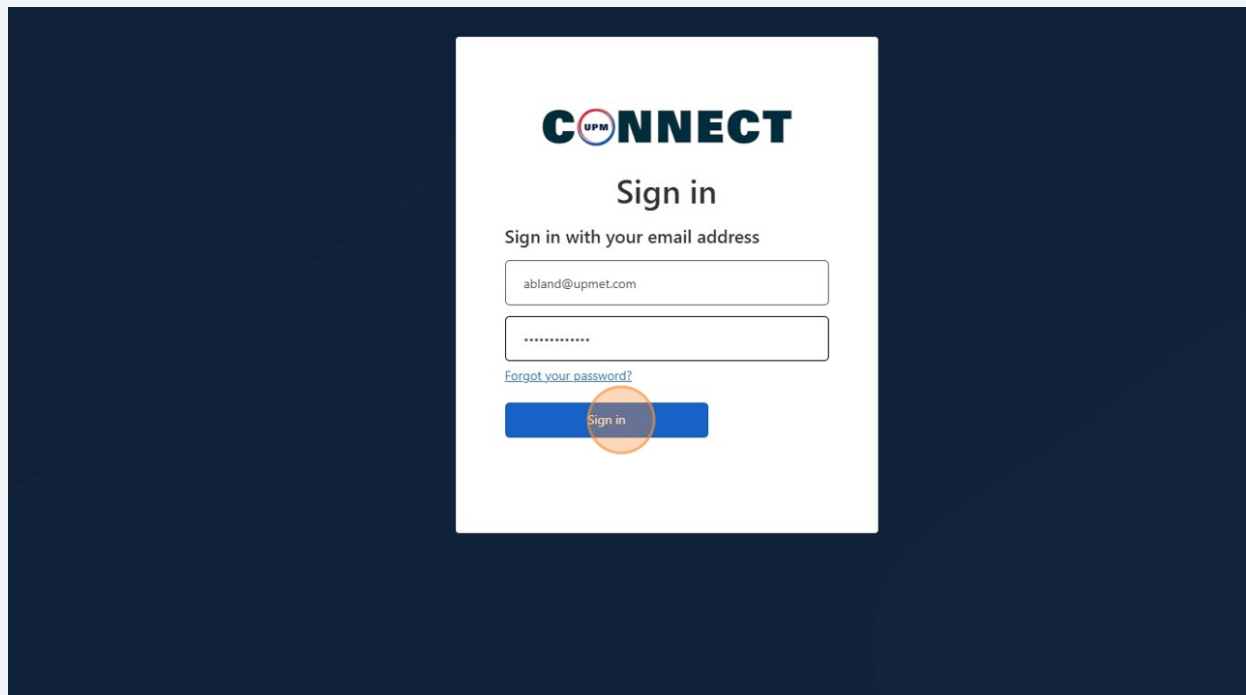

8

To access Connect click "Login" from the landing page

9

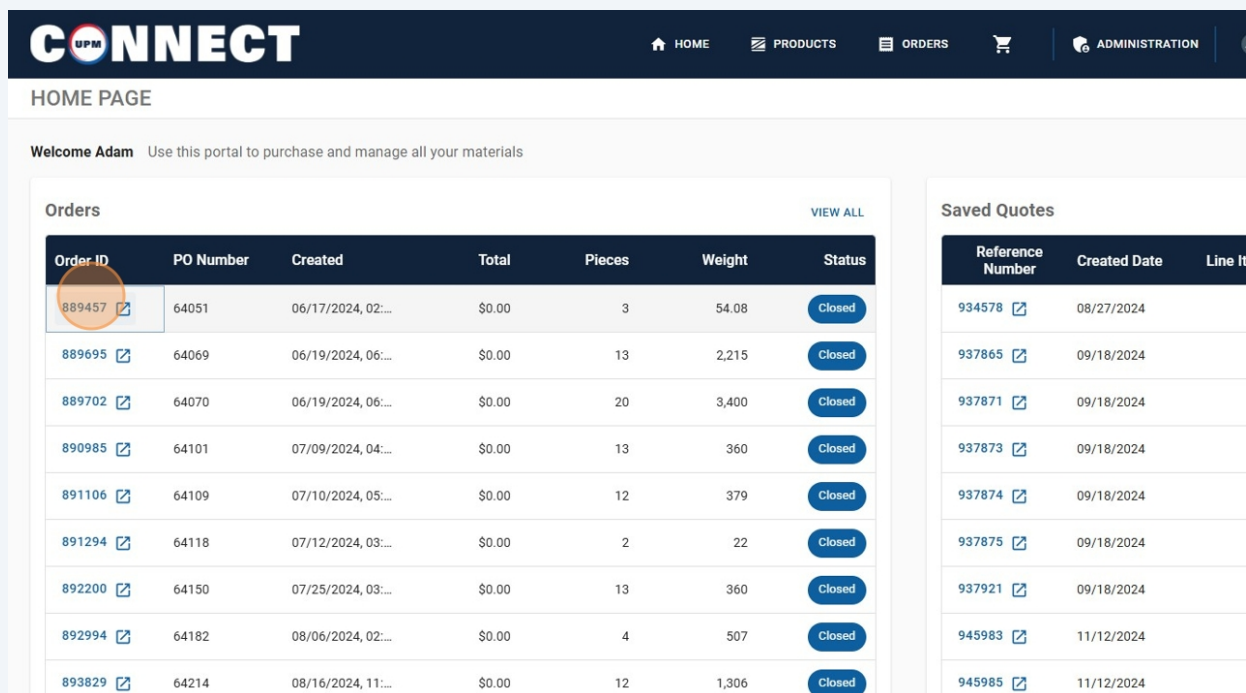

Enter the email address and password used when you created your account to sign in

The image shows a 'Sign in' screen for the UPM CONNECT portal. The header features the UPM CONNECT logo. Below the logo, the text 'Sign in' is displayed, followed by 'Sign in with your email address'. There are two input fields: one for the email address (containing 'abland@upmet.com') and one for the password (masked with dots). A link for 'Forgot your password?' is located below the password field. A blue 'Sign in' button is at the bottom, with an orange circle highlighting it.

10

The Home page displays recent orders and active quotes. To see greater details on Orders, click the blue 'Order ID'

The image shows the 'HOME PAGE' of the UPM CONNECT portal. The header includes the UPM CONNECT logo and navigation links: HOME, PRODUCTS, ORDERS, and ADMINISTRATION. Below the header, a welcome message reads 'Welcome Adam Use this portal to purchase and manage all your materials'. The main content area is divided into two sections: 'Orders' and 'Saved Quotes'.

For EXPORT shipments, UNITED PERFORMANCE METALS utilizes packaging materials, including finished safety, skids, and boxes that are fabricated in accordance with the guidelines set forth by the International Lumber Committee ISPM 15, which is the standard for regulating wood packaging used in international trade. All lumber used in United Performance Metals export packaging has been heat treated per the ISPM 15 standard.

Each of our sources of supply for our packaging products used for export have supplied us with a signed letter stating conformance to the International Lumber Committee ISPM 15 requirements. These conformance letters are retained on file at United Performance Metals and are also accessible on our website at www.upm.com.

If further assistance is needed in regards to certification of our packaging per ISPM 15, please contact our Traffic Department or Compliance Manager at 513-860-6500.

Our sources of supply are monitored as required by per the ISPM 15 regulation. United Performance Metals monitors the regulation for any changes in regulations and will inform customers of any changes that would impact conformance.

17 From this page, use the filters and 'PO Number' field to find the order in question

The screenshot shows the UPM NNECT interface. At the top, there is a navigation bar with links for HOME, PRODUCTS, ORDERS, and ADMINISTRATION. Below the navigation bar, there is a section for filters. The filters include a dropdown for 'Order Status', a dropdown for 'Date Range' set to 'Past month', and a text input field for 'PO Number' containing '64552'. A magnifying glass icon is next to the PO Number field. Below the filters, there is a table with the following columns: Order ID, PO Number, Created, Total, and Total Pieces. The table contains several rows of data, including one for PO Number 64552 with a total of \$5,975.00 and 68 pieces.

Order ID	PO Number	Created	Total	Total Pieces
0833	FAKE PO - Do not release	11/18/2024, 05:22 PM	\$0.00	62
0852	FAKE PO - Do not release	11/18/2024, 07:30 PM	\$0.00	340
0865	FAKE PO - Do not release	11/18/2024, 08:32 PM	\$0.00	340
1147	64543	11/21/2024, 04:48 PM	\$6,528.00	135
1152	64544	11/21/2024, 05:04 PM	\$0.00	65
1343	FAKE PO - Do not release	11/25/2024, 06:28 PM	\$0.00	49
1451	64552	11/26/2024, 06:20 PM	\$5,975.00	68
